Resolution of the Mess Menu Moderation/Revision Committee

The Coordinating Wardens, HPs and G. Secs (Mess) of all concerned halls met on 10th, 13th, 14th and 19th January 2017 to discuss the mess menu. The matter was placed before students' senate. Finally, Director's opinion was taken on 18/01/2017. Accordingly, the menu is revised with effect from breakfast of 23/01/2017. The revised menu will remain effective until end of mid-semester examination. Students' Feedbacks should be sent to the GSec (mess) of the hall and compiled by the students' senate to be presented in the next mess menu moderation/revision committee meeting. Any unilateral modification to the menu is not allowed. If any such change takes place then HMC will not be responsible for any fall out.

The revised structure of the menu is given in Tables 1 and 2 which, respectively, replace Tables 3 and 4 of the mess tender document w.e.f 23/01/2017. If any mess contractor disagrees with the revised menu then the old menu will continue till further action (change of mess contractor, etc.).

Further to this, it has been decided that halls may have add-on option for bread, butter/jam, and boiled egg/omelet in the breakfast. The add-on system will be implemented in the form of dated pre-paid coupons to be issued by the mess contractor if he/she agrees to it. The cost of 4pc toast bread + butter/jam is fixed at Rs. 10 and boiled egg/omelet at Rs. 6. Since other students will not pay VAT on add-ons, the selling price is fixed at Rs. 11.50 for 4pc bread + butter/jam and Rs. 7 for boiled egg/omelet (inclusive of all taxes). The hall will not be billed for add-on items.

In halls with majority of PhD students, snacks may be abolished and the Rs. 70 freed thereof can be adjusted elsewhere (only addition of new items, no deletion or change) and the readjusted menu must then be approved by HMC before implementation. For such modification, a general body meeting (GBM) must be held in the hall in the presence of Warden and Assistant wardens and the resolution with quorum (more than 2/3 of students of the hall approve) must be taken in the GBM. Signature outside the GBM (e.g., door to door signature collection) is not allowed. Wardens must ensure application of these rules in GBM.
